

FLoWE's on the road

Over the next three weeks Fylde Low Waste and Energy (FLoWE), the brain-child of Michael Jack, MP for Fylde, will be visiting various parts of the Fylde.

FLoWE works with householders, businesses, schools and community groups to find ways they can **save money by saving energy**.

If you would like to see how we can help you come and visit our information trailer where we will be giving away **free energy efficient lightbulbs** and there will be the chance to enter a **daily prize draw**.

Home Insulation Services will also be on hand to demonstrate ways you can insulate your home and how renewable energy technologies work.

Michael Jack pledging how he will be saving energy in the future. You can also make a pledge by visiting the energy information trailer or by going to www.MyFyldeCred.co.uk
